

## MY GROUP AT CAMP

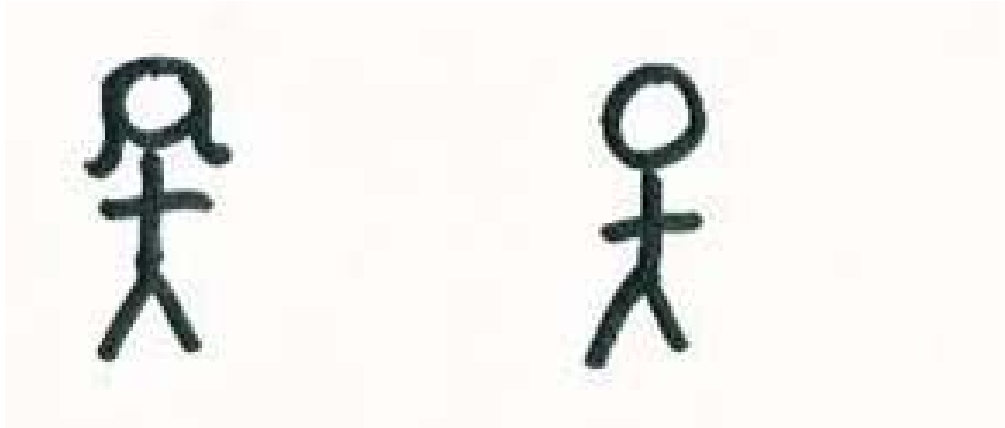

Antelopes

Beavers

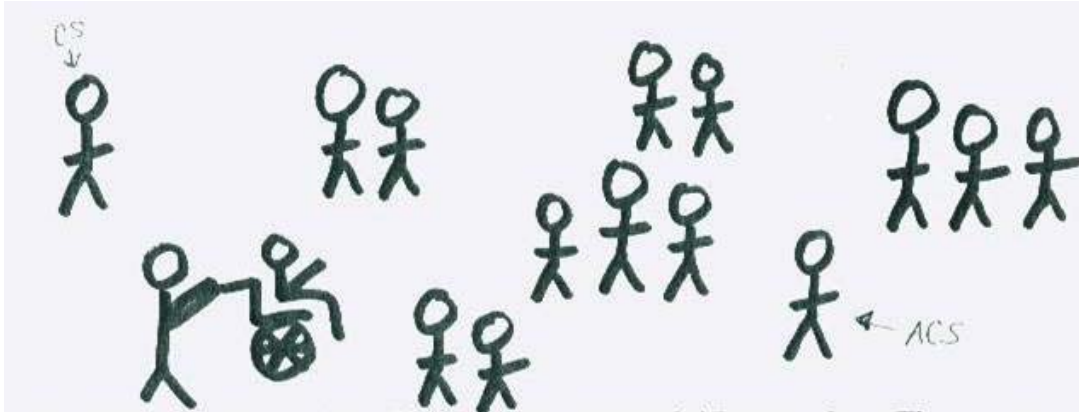

Everyone at camp belongs to a group. My group will do things together. Leaders and campers will be in my group.

**Each group has a supervisor and an assistant.  
These are people who make sure everyone is  
safe and cared for.**

**Each camper has a counselor to help them.  
Sometimes a counselor may help two campers.  
Sometimes two counselors may help one camper.**

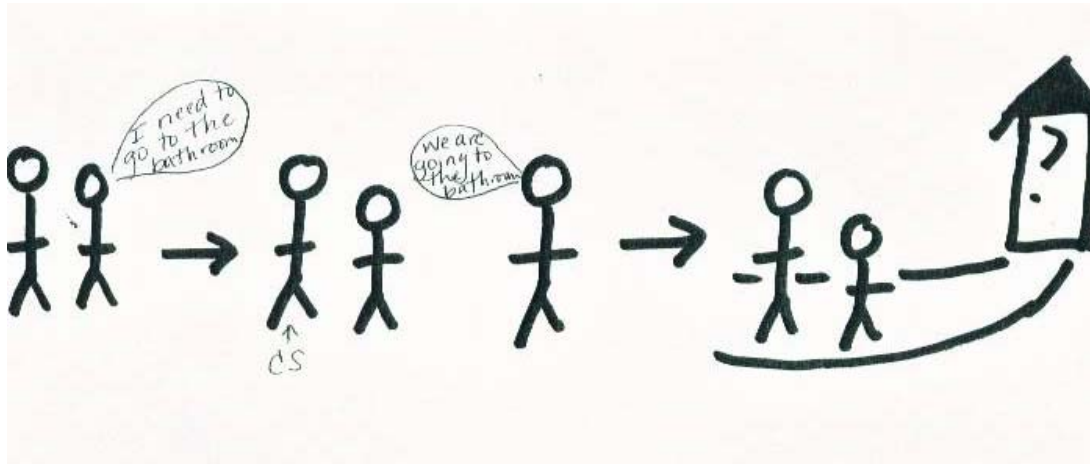

The counselors might tell and show the campers what to do at camp. This is a picture of a whole group at camp.

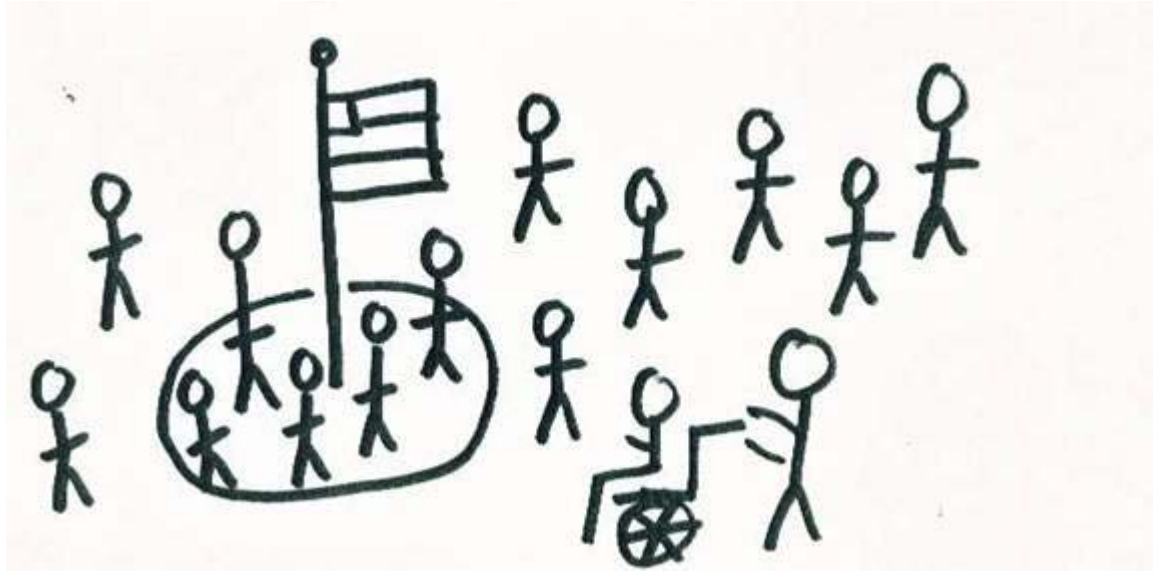

**The group usually stays together. We will go to activities together.**

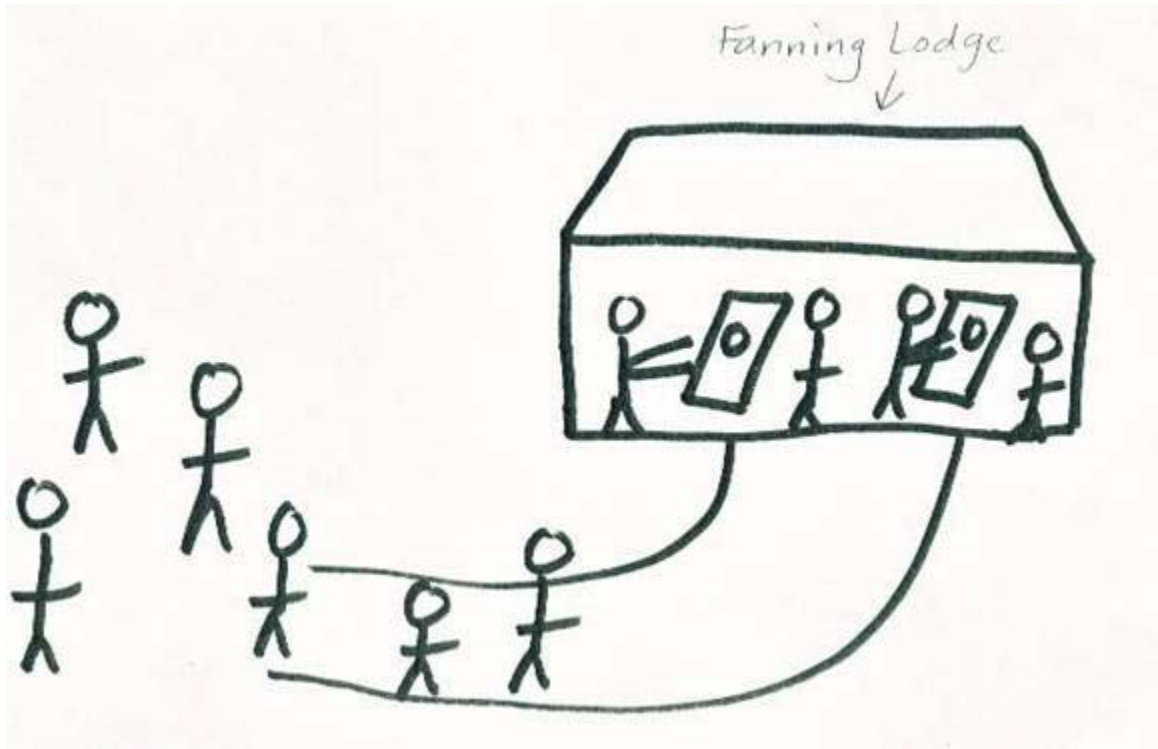

**We will eat together at a long table. The campers in my group will all sleep in the same area.**

**Our group will usually stay together. If I need to go to the bathroom, I can tell my counselor. The counselor will tell the supervisor or assistant that we are going to the bathroom. We will go to the bathroom and then come back to our group.**

**Some days my group will lead the flagpole ceremony.**

**Some days my group will set the tables for some of the meals.**

**Getting to know people in my group can be lots of fun!**
