

Staying With My Group

There are lots of people at Kiwanis Camp.

hike

swim

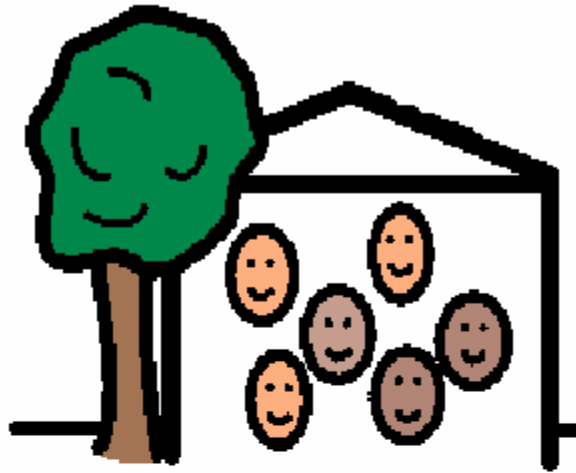

fishing

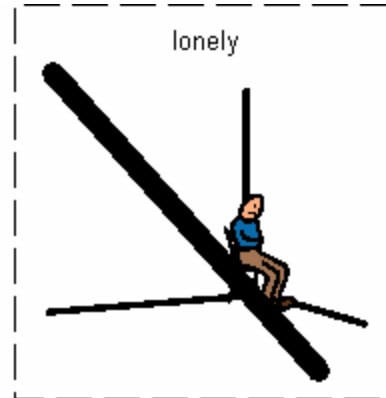

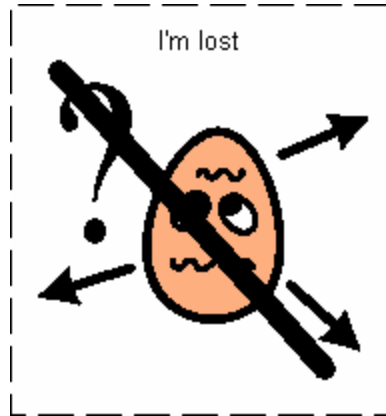

horseback riding

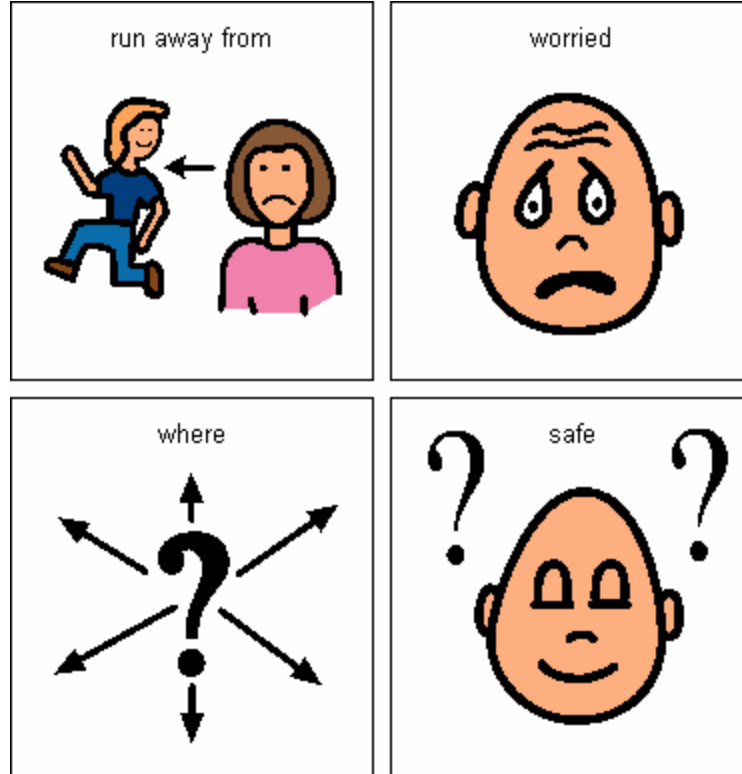

We do fun things together, like hiking, swimming, fishing, and horseback riding.

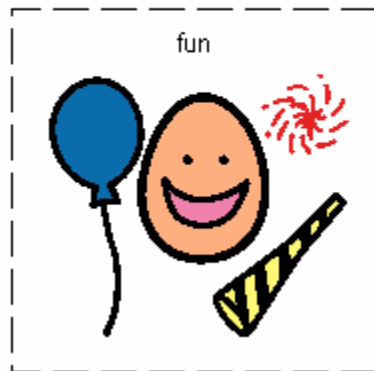

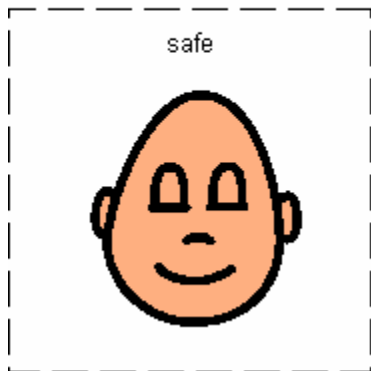

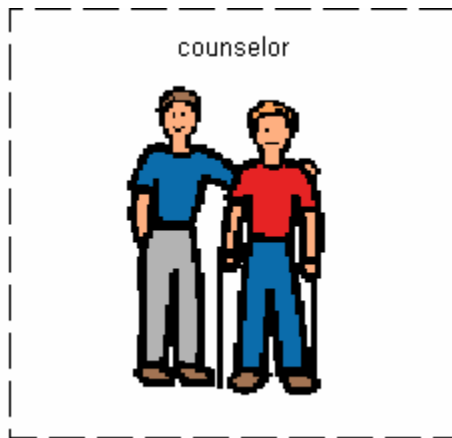

We stay together in groups because it is fun to do things together with new friends.

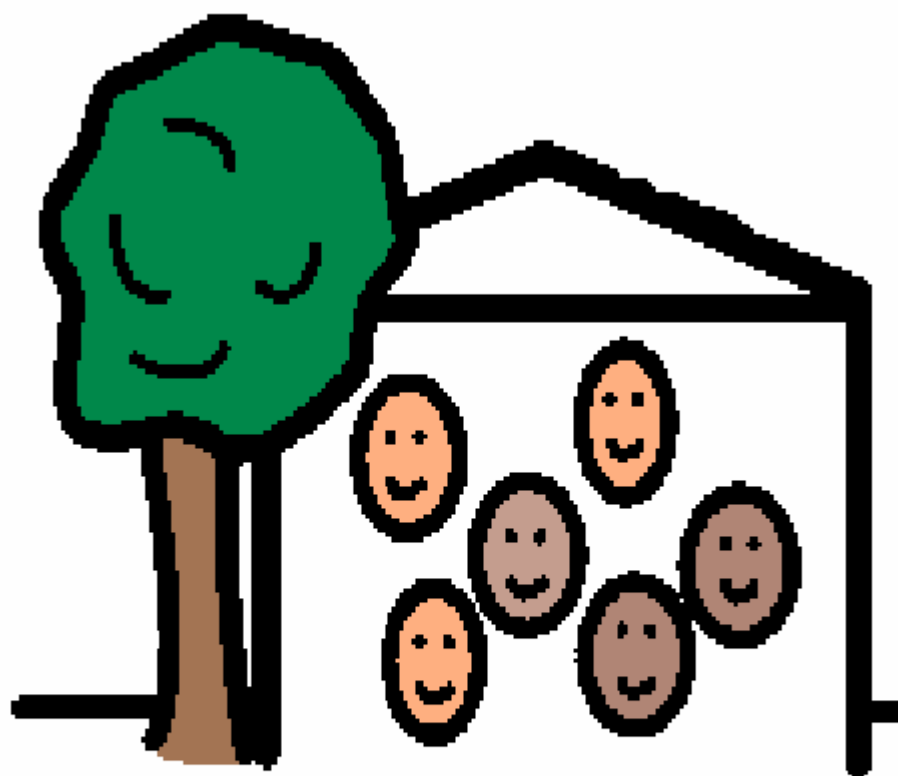

We stay in groups so no one gets lost or feels left out.

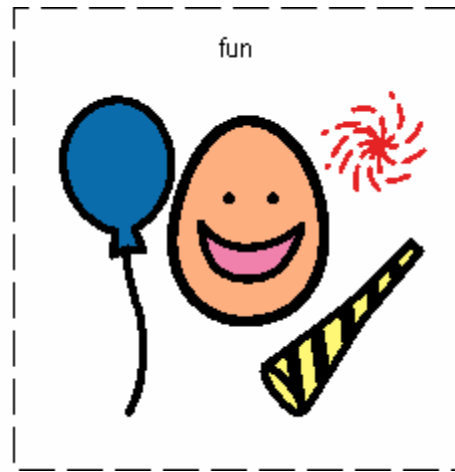

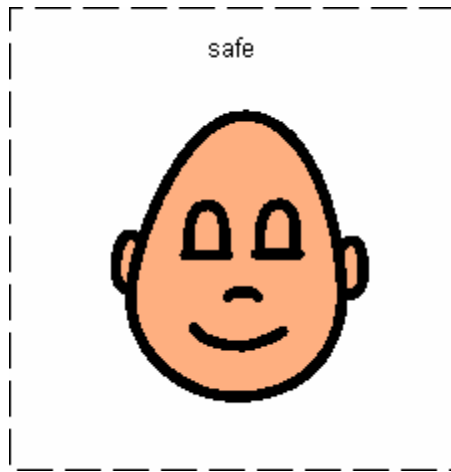

If I run away from my counselor or my group, my counselor will be worried about me. They will not know where I am or if I am safe.

My counselor wants me to be safe and have fun.

I will try to stay with my group or my counselor
all the time at camp.

That way everyone will know I am safe.
We can all have fun together!
